Dear Mr Sporne

Re; Estate Erini Stiliano

Attached is the email I sent to Mr Bodycoat on 3 October 2008 requesting some answers, which he chose to ignore.

I am now asking you to please give me some answers to the following, and to the ones in the attachment.

- 1) Has the Public Trustee received legal confirmation of the postponement of the lawsuit, which was to have been held in Greece, last May.
- 2) What information do you have regarding the properties in Greece, mainly property 671, or has that been fraudulently acquired by the executors of the Estate (aided by the Public Trustee).
- 3) Have any procedures been put in place to recover the financial expenses and losses brought about by the fraudulent activities carried out.
- 4) When can we expect settlement of the Estate, and what is holding it up?

The beneficiaries have a right to be kept informed, by you the administrators, regarding the Estate.

I look forward to a reply from you, and if that is not forthcoming, you leave us no other option but to have this investigated by another source, with whom we have been in contact.

Sincerely

Dorothy Hoverd

Attorney for Philip Stilianos
