Hi Shamona & Sara

This is a draft of what will be emailed to the Public Trustee, Attorney-General, Premier and Ombudsman. The Public Trustee was sent the enclosed attachments via the Trustees Corporations Association nearly a year ago. We have been in total control for the past year. Just make your demands for compensation following the issue of this email and you should get a positive result. The Public Trustee is ultimately responsible for misappropriated all of your funds. They are not permitted to defraud me for the purposes of meeting your demands on them. You have to do what they expect you should do - demand an immediate claim from the government for misappropriating your funds. Why aren't you doing this? Don't do anything or associate yourself with any action that may implicate you and jeopardise your claim.

You will also find illuminating information at <http://inheritanceprotection.org/estates/erinstiliano/witnesses/contributors.htm> (A DOCUMENTED HISTORY OF UNITY, SUPPORT AND DEFECTION). As you will see from the documents on the website, your Aunties have been involved as prime witnesses to the events preceding the fraud, and they know that one short email from each of them to the Public Trustee and/or others will cause the Public Trustee to yield. Why aren't they doing this? Again, they should not do anything or associate themselves with any action that may implicate them and thereby jeopardise and delay your claim.

Hi Malcolm

There are a number of crimes and torts your office has committed, and there is no doubt in my mind that the former head of the Public Trustee resigned when he was unable to cope with the pressure of responding to the Ombudsman and to the Trustee Corporations of Australia, to the contents in the attachments enclosed.

The time has come for your office and government to provide a substantial settlement for losses and damages resulting from these crimes and torts. Until you reveal the full details of the many covert and underhanded operations that your office has instigated over the last 5 years from 2006 and has continued unabated to this day in 2011, this matter could be broadcast in the interests of the Public.

Your office's dissolute mission and depraved actions have been exposed by myself and others. Your office defied the clear contents of an order from the South Australian Supreme Court issued in September 2007 and instead your office decided to continue to sabotage my inheritance and did this by instructing lawyers overseas to sabotage my overseas inheritance. I managed to uncover this fraudulent act at the eleventh hour in 2010 and the repercussions for your office has been dire ever since.

13/04/2011

Your office deliberately issued a false statement of overseas assets for probate in 2006, and as a result of my complaints to the Attorney-General two officers from your office ostensibly had their positions terminated. However instead of caving in, your office apparently sought vengeance. Your office is dedicated to vengeance against a sole beneficiary you apparently don't like at all.

It seems all it can do now is brace itself for whatever may happen next.

To Trustee Corporations Association of Australia
Attention: Tony Keywood

Dear Sir

The letter and enclosures attached was intended to be sent via email to the SA Attorney-General, SA Police Minister and SA Premier, but I am firstly approaching the Trustee Corporations Association of Australia (TCA) in the hope that the commercial interests of all of the Australian State Public Trustees should prevail over and not be jeopardised by a particular State Trustee's (SAPTO) unconscionable betrayal of beneficiaries of a deceased estate under its administration.

Yours Truly
